Section	870	Public Complaints
Policy	872	Public Complaints about School Personnel

Constructive criticism of the schools is welcome through whatever medium when it is motivated by a sincere desire to improve the quality of the educational program and to equip the schools of this District to do their task more effectively.

The Board places trust in its employees and desires to support their actions in such a manner that employees are freed from unnecessary, unwarranted or negative criticism and complaints.

The Board encourages resolution of problems as near to the source as possible. At the same time, it recognizes the need for parents or others to appeal decisions which have been made.
