

Kewaskum High School Supply List

Due to the varied schedules of high school students it is difficult to provide a complete list of student supply needs. However, students can prepare for the school year by ensuring they have a good supply of:

- writing utensils (pens, pencils, highlighters, etc.)
- notebooks
- filler paper
- folders
- three-ring binder

Teachers in individual classes will provide students with more specific information during the first week of school.

Math Class Calculators

It is recommended that students enrolled in Algebra, Geometry and Algebra 2 have a TI-83 or TI-84 calculator.

Students are **REQUIRED** to have a TI-83 or TI-84 calculator for all other math classes.
