Dear Parents of KMS Students:

From: "T.E.A.M"
Together Everyone Achieves More

A group of enthusiastic parents of KMS students get together once a month. Basically this group would be parents just like you reaching out to help our children. We as parents and taxpayers need to make sure our children get best-balanced education as we had when we were growing up. With all the budget cuts and grants not being easily obtainable, we discussed what we could do to help our children when it comes to their schooling. Our children need help to achieve their dreams and goals.

With this in mind, we came up with many ideas. Ideas are just ideas until we have help. This is where each one of us, including our children can make the difference. If it's a few minutes or a few hours of our time and talents, what better way can we invest than in our children's future?

Please join us as a member TEAM. Come with ideas, working hands, and open hearts for our children. Students will also be included with our ideas at a later date. We will need their time and talents to accomplish their needs. With the statement, "Together everyone achieves more", the parents and students of Kewaskum Middle School will show that this is an accurate statement that we are proud of.

The exact November date to be determined!

Sincerely yours,

"TEAM"

Sheri B, Denise B, Mary D, Patty S, Nancy H, Dawn W, Debbie R, Felicia, Maggie B, Kim O, Patty B, Tanya Z, Tammy P, Buffy G, Jackie F.

Where Children Come First
