The Washington County Dairy Promotion Committee was organized in September 1986 by a group of area dairy farmers, business leaders and interested individuals. The volunteer committee dedicates itself to increasing healthy consumption of dairy products thru consumer education. The Committee also supports other agricultural organizations in their endeavor to spread the positive news of production agriculture.

Our "flagship" fundraising event is the annual Washington County Dairy Breakfast hosted on county dairy farms since 1988. Approximately five thousand breakfasts are served with the help of over 200 volunteers. In addition to great food, visitors get to experience and explore a working dairy farm. Numerous displays and activities help create a positive family based atmosphere. Funds raised are used to support our Committee's educational programs and promotional events. We also support other local organizations and events, while nurturing a "nest egg" for future farm breakfasts.

A scholarship fund is just the latest addition to an extensive list of projects. We are planning to award up to three \$1000 scholarships to individuals pursuing further education in an ag-related field. This includes but not limited to: Dairy Short Course, Animal Science, Dairy Science, Veterinary, Horticulture, Ag Mechanics, etc. In addition, the scholarship winners will be **required** to help at the 2019 Washington County Dairy Breakfast June 8. This year it will be held at Enright Dairy, 1207 Highland, Kewaskum, WI 53040.

We would appreciate your help by informing possible high school senior applicants about the availability of this scholarship. You will find the necessary information enclosed plus an email address where more forms and information can be obtained. Please forward copies of this letter as well as scholarship details and forms to interested applicants.

Thank you for your co-operation.
