

e-Funds for Schools

The Kewaskum School District is pleased to be working with e-Funds for Schools, which is a company that provides several payment options for the debit lunch system. Not only will you have the ability to have lunch payments automatically withdrawn electronically from your checking account or charged to your credit card, you also have the flexibility to make a payment at any time through the school's website. You can also set up recurring payments.

The e-Funds for Schools service is offered to you by a third party service provider and they charge for processing your payment(s), similar to other on-line banking services. The district does not request, nor keep records of, family checking or credit account information. The Pay-As-You-Go feature is at a cost of \$1 for each payment that is made from your checking account throughout the year. You also have the option of paying by credit card for which a flat convenience fee of \$2.45/\$100 per transaction. E-Funds carries a Non-Sufficient (NFS) charge of \$15 for checking payments or \$25 Non-Sufficient (NSF) charge for a credit card payment. When you set up your account, please review your options carefully.

You are in full control of your account and can make a payment at any time that is convenient for you. No payments will be allowed without your knowledge and authorization through this secure payment system. By providing your home and/or work email address, an email notification informing you of the student's name, purpose of the payment, and the amount of the item will be sent to you each time that a payment is to be processed. The e-Funds for School site is secure and uses industry standard data encryption.

To access the e-Funds site, go to our school website www.kewaskumschools.org . Under "Links" click on "Nutrition Services". Then, under e-Funds Information click on "e-Funds payments". Enter your username and password, or for New Users " Register Here". (there is a printable Registration Guide if you like) You can set up your account with any username and password you like. This is a four-step process to set up your account. In step two you must enter your family number. **Your family number is the ten digits of your home (or primary) phone number given to Kewaskum School without the spaces and dashes.** This is an important step because it will link your account to your children.

It is important to remember that food service payments are FAMILY payments and no matter which child you use to enter your payment, it will go into the family account and be available for all children in your family. Please be aware that if you enter an amount and put a check mark by more than one child you will be charged that amount for each child. For example, if you enter \$50.00 and put a check mark by two of your children the total amount paid will be \$100.00 plus the fee. So, if your intent is to pay a total of \$50.00, enter that amount and only put a check mark by one child. It is also a good idea to print out a receipt. E-funds is on-line with Skyward family access, so payments post periodically throughout the day.

Detailed information regarding e-Funds is available on the district website. The food service office (262-626-8427 Ext. 4151) can assist you with questions about the lunch program and money in your lunch account.

Links to e-Funds can be found on the school districts website and in Skyward Family Access, click on Food Service

* A Registration Guide is located on the e-funds website.
