

SENIOR SEMINAR APPLICATION

This form should be completed by the seminar student and the supervising teacher. This plan summarizes the agreement between the seminar student and his/her supervising teacher. After completion, turn it in to Student Services.

Students will select an area of interest with the assistance of a faculty advisor, formulate a proposal and a plan, and complete a self assessment as assigned by the teacher and a committee assessment planned by the student. The committee assessment will allow students an opportunity to share their learning experience.

Seminar Student: _____ Supervising Teacher: _____

Subject/Title of Seminar: _____

Trimester: _____ Hour: _____

1. What do you expect to learn through this seminar that you could not learn in a regular class?

2. Why do you want to complete this seminar?

3. A senior seminar requires working independently much of the time. Explain the strategies you will use and skills you have to be successful in completing your seminar learning.

4. How does this seminar align with your academic and career plan?

5. How many times a week will you meet with your supervising teacher at the beginning of the trimester? (This schedule may be changed over time by the teacher.)

6. What will you submit to your supervising teacher at the end of each week to demonstrate progress?

7. What will you submit as a final project at the end of the trimester and how will you present it to a committee to demonstrate you've earned 0.5 credit?

8. How have you and your supervising teacher determined you will be graded?

Supervising Teacher Approval
