HOURS:

- OFFICE 7:30 am - 4:00 pm
- STUDENT DAY (5K-5th) 8:55 am - 3:45 pm

ARRIVAL OF PUPILS

Our school buses are to arrive with the pupils around 8:40 a.m.

For the safety and well-being of our students, students who do not ride the bus, do not arrive at school before 8:45 a.m. Students should be picked up at 3:45 p.m. Supervision is only available from 8:45 a.m. to 3:45 p.m.

We are a secured building. All doors are locked during school hours. Students who arrive after 8:50 a.m. should enter through the front doors (Door #1). Please press the buzzer, located to the left of the front doors, to be admitted to the school.

DEPARTURE OF PUPILS IN THE AFTERNOON

All pupils will be dismissed at 3:45 p.m. Pupils who ride the buses are to follow after school procedures. If you are planning on picking up your child from school, please send a note with your child that day.

Parents, who pick up their children, should park at the south end of the parking lot and enter the school through the doors by the gym/cafeteria (Door #3).

Please wait outside Door #3. Students will be dismissed by staff.

If your child is staying for an after school activity, please also send a note with your child indicating that they are staying.

BUSSES

Buses will load and unload at the front entrance of the school. It is important that pupils leave the building in an orderly manner and walk to their respective bus to avoid accidents from running, pushing, etc. If a pupil misses his/her bus, the parent/guardian will be called to pick him/her up.

Students may alter their regular bus stop by bringing a completed "Bus Slip" form (goldenrod colored) or a written note identifying a bus stop change for the evening from a parent or guardian. A staff member will sign the form as well. Slips must be given to the bus drivers. Bus drivers will NOT allow students to ride altered buses/routes without the authorized slips and this will be reinforced by the school. This is a safety measure for the protection of students. If you do not want your child to ride home on the bus, we must have a note. We cannot take the child's word for it.

Long-term changes need to be addressed through Johnson Bus at 262-626-4414.

CONFERENCES

Appointments can be made with teachers, the counselor, or the principal any time throughout the school year by calling the office at (262) 626-3102 Ext. 7000. Scheduled conferences are held in the fall and spring of each school year. Students are encouraged to attend fall conferences.

Farmington Elementary Behavior Expectations: PBIS

What is PBIS?

Positive Behavior Interventions and Supports (PBIS) is an approach to teaching and supporting positive behaviors to meet the needs of ALL students. This school-wide approach focuses on building a safe and positive environment in which all students can learn.

The foundation of PBIS at Farmington Elementary has three building-wide expectations:

Be Respectful

Be Responsible

Be Safe

In addition to the three behavior expectations, PBIS has four major components:

1. Behavior Matrix
2. Teaching Expectations
3. Incentives/Rewards
4. Office Referral Forms/Data

Behavior Matrix

The behavior matrix is a detailed description of the expected behavior in each setting of the school. For example, in the lunchroom it is respectful to say “please” and “thank you”. In the hallway, it is safe to always walk. This matrix will be posted as a constant reminder of our three school-wide expectations. As you will notice, different areas of the building have different natural expectations. Additionally, classroom teachers will continue to have procedures and expectations.

Teaching Expectations

At the beginning of the school year, students will be taught our three expectations in each school area. Teachers will help students learn what the expectations “look” and “sound” like in every setting during the school day. These lessons will be re-taught and reinforced throughout the school year, and become a regular part of our classroom instruction.

Incentives/Rewards

Acknowledging and reinforcing positive behavior is one of the best ways to change inappropriate behavior and encourage appropriate behavior. At FES students can earn incentive tickets/tokens for demonstrating behaviors that exhibit these three positive attributes. Each student will be able to use their recognition tickets/tokens to enter monthly drawings or get special prizes. Whole classrooms demonstrating great behavior can also work towards incentives/rewards. We will work together to continuously promote and celebrate positive behavior.

Office Referral Forms

Even with clear expectations and positive reinforcement, sometimes children will misbehave. To address inappropriate behavior, an Office Referral Form will be implemented. Discipline issues are divided into major and minor infractions.

- **Major** infractions are issues that result in office time. Parents and/or guardians will be notified by the principal or staff member regarding major infractions.

- **Minor** infractions are behaviors that are disruptive to the learning environment, but are handled by the supervising staff member. Staff members use discretion when informing parents of minor infractions.

Farmington Elementary School Student Handbook

When a child repeatedly receives referrals for minor or major infractions, parents and/or guardians, teachers, support staff and the principal will collaborate to build an effective behavior intervention plan for that child.

The goal of office referrals are not necessarily to “major” or “minor” a student. The use of majors and minors are to collect data. The major and minor data helps us determine patterns. The PBIS philosophy is to utilize restorative practices and natural consequences to help reinforce the re-teaching process.

Role for Parents/Guardians

To be successful, our behavior program needs to be a partnership between home and school.

Please support our PBIS program at Farmington Elementary by:

- Reviewing behavior expectations with your child
- Using the three expectations at home –
 - Be Responsible
 - Be Respectful
 - Be Safe
- Providing positive reinforcement at home
- Sharing comments and/or asking questions about PBIS with the team members

ANNUAL NOTIFICATIONS

ANTI-HARASSMENT, STUDENT Policy 5517

Prohibited Harassment

It is the policy of the Board of Education to maintain an educational environment that is free from all forms of harassment. This commitment applies to all District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of harassment. This policy applies to conduct occurring in any manner or setting over which the Board can exercise control, including on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will not tolerate any form of harassment and will take all necessary and appropriate actions to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the School District community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

The Board will vigorously enforce its prohibition against harassment based on the traits of sex (including gender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional, or learning disability, or any other characteristic protected by Federal or State civil rights laws (hereinafter referred to as "Protected Classes"), and encourages those within the School District community, as well as Third Parties, who feel aggrieved to seek assistance to rectify such problems. Additionally, the Board prohibits harassing behavior directed at students for any reason, even if not based on one of the Protected Classes, through its policies on bullying (see Policy 5517.01 – Bullying).

Bullying

Bullying is prohibited by Board Policy 5517.01. It is defined as deliberate or intentional behavior using words or actions, intended to cause fear, intimidation, or harm. Bullying may be a repeated behavior and involves an imbalance of power. Furthermore, it may be serious enough to negatively impact a student's educational, physical, or emotional well-being. Bullying need not be based on any Protected Classes. Bullying behavior rises to the level of harassment when the prohibited conduct is based upon the student's sex (including gender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or State civil rights. Farmington Elementary School Student Handbook

ATTENDANCE Policy 5200

The Board will enforce regular student attendance in the District's program in which each student is enrolled as required pursuant to State law. Further, the Board recognizes that the District's educational program is predicated upon the participation of each student in the program of instruction in which the student is enrolled and required to attend. Student success requires continuity of instruction and program participation. For purposes of this policy, the regular period and hours of instruction including both those periods and hours a student's program require that they are in school as well as any attendance requirements defined as part of a course of virtual instruction, or a combination of the more than one type of instructional delivery.

All children between six (6) and eighteen (18) years of age shall attend school regularly during the full period and hours, religious holidays excepted, that the school in which the child is enrolled is in session until the end of the term, quarter, or semester of the school year in which the child becomes eighteen (18) years of age, unless they fall under an exception under State law, this policy, or administrative guideline issued under this policy. A child who is enrolled in five (5) year-old kindergarten shall attend school regularly, religious holidays excepted, during the full period and hours that kindergarten is in session until the end of the school term.

Acceptance of Written Excuses

The District Administrator may require, from the parent or guardian of each student or from an adult student, who has been absent for any reason a written, signed, dated statement stating the reason for the absence and the time period covered by the absence. The Board reserves the right to verify such statements and to investigate the cause of each single absence and prolonged absence.

School Attendance Officer

The District Administrator shall designate an administrator at each school to be the School Attendance Officer. The School Attendance Officer shall perform any duties and responsibilities s/he is required to perform by State law, this policy, and any administrative guidelines issued by the school. The duties of the School Attendance Officer shall include, but not be limited to, the following:

- A. Determining daily from attendance reports submitted by teachers which students enrolled in the school are absent from school, or failed to fulfill the attendance requirements of a virtual instruction program component, and whether the absence is excused.
- B. Submitting to the District Administrator, on or before August 1st of each year, a report of the number of students enrolled in the school who were absent in the previous year and whether the absences were excused. The District Administrator shall then submit this information to the State Superintendent. To the extent feasible, absentee data shall be separated by absences for in-person instruction periods and absences based on virtual instruction attendance requirements.
- C. Providing student attendance information to individuals and agencies for purposes authorized by State law and the Board's Policy 8330 - Student Records.

Excused Absences

The student is temporarily not in proper physical or mental condition to attend school.

B. Obtaining Religious Instruction

To enable the student to obtain religious instruction outside the school during the required school period (see Policy 5223-Absences for Religious Instruction).

C. Permission of Parent or Guardian

The student has been excused by his/her parent or guardian before the absence for any or no reason. A student may not be excused for more than ten (10) days per school year under this paragraph and must complete any course work missed during the absence. Examples of reasons for being absent that should be counted under this paragraph include, but are not limited to, the following:

- a. professional and other necessary appointments (e.g., medical, dental, and legal) that cannot be scheduled outside of the school day
- b. to attend the funeral of a relative
- c. legal proceedings that require the student's presence
- d. college visits
- e. job fairs
- f. vacations

D. Religious Holiday

For observance of a religious holiday consistent with the student's creed or belief

E. Suspension or Expulsion

The student has been suspended or expelled.

F. Program or Curriculum Modification

The Board has excused the student from regular school attendance to participate in a program or curriculum modification

Farmington Elementary School Student Handbook

leading to high school graduation or a high school equivalency diploma as provided by State law.

G. High School Equivalency – Secured Facilities

The Board has excused a student from regular school attendance to participate in a program leading to a high school equivalency diploma in a secured correctional facility, a secured child caring institution, a secure detention facility, or a juvenile portion of a county jail, and the student and his/her parent or guardian agree that the student will continue to participate in such a program.

H. Child at Risk

The student is a “child at risk” as defined under State law and is participating in a program at a technical college on either a part-time or full-time basis leading to high school graduation, as provided under State law.

I. Election Day Official

A high school student age sixteen (16) or seventeen (17) is permitted to be excused to serve as an election official provided that the following criteria are met: (1) the student has the permission of his/her parent to serve as an election official on election day; (2) the student has signed up and the municipal clerk has informed the principal that the student has been assigned to serve in this capacity; and (3) the student has at least a 3.0 grade point average or equivalent, or has met alternative criteria established by Board, if any. The principal shall promptly notify the municipal clerk or the board of election commissioners of the municipality that appointed the child as an election official if the child no longer has at least a 3.0 grade point average or the equivalent, or no longer meets the established alternative requirements. A student's absence to serve as an election official under this policy shall be treated as an excused absence. Where possible students are encouraged to provide advance notice as much as possible. Students are responsible for completing any missed school work and responsible for making appropriate arrangements to do so.

J. Virtual Access

The student is unable to access virtual instruction programming due to a temporary disruption in the student's access to necessary technological systems (i.e. internet outage, computer failure, software malfunction, etc.) as communicated by the student's parent.

A student **may** be excused from school, as determined by the School Attendance Officer, or his/her designee, for the following reasons:

A. Quarantine

Quarantine of the student's home by a public health officer.

B. Illness of an Immediate Family Member

The illness of an immediate family member.

C. Emergency

An emergency that requires the student to be absent because of familial responsibilities or other appropriate reasons.

Unexcused Absences

Unexcused absences demonstrate a deliberate disregard for the educational program and are considered a serious matter. The District Administrator shall develop administrative guidelines to address unexcused absences.

Truancy Plan

The Board will issue a Truancy Plan based upon the recommendations of the County Truancy Committee convened under State law, the Board's policies and procedures, and applicable provisions of State law. The Board will review and, if appropriate, revise the Truancy Plan at least once every two (2) years.

Late Arrival And Early Dismissal

It is necessary that a student be in attendance throughout the school day, or as required by the student's virtual instruction program, in order to benefit fully from the educational program of the District.

The Board recognizes, however, that from time-to-time compelling circumstances require that a student be late to school or dismissed before the end of the school day.

As agent responsible for the education of the children of this District, the Board shall require that the school be notified in advance of such absences by written or verbal personal request of the student's parent, who shall state the reason for the tardiness or early dismissal. Justifiable reasons shall be determined by the building principal.

No student who has a medical disability which may be incapacitating may be released without a person to accompany him/her. No student shall be released to anyone who is not authorized such custody by the parents.

Make-Up Work

Whenever the absence excuse is acceptable, work missing during that time must be made up.

Farmington Elementary School Student Handbook

Illness

When a child becomes ill at school, we will first contact the parent. If the parent cannot be reached, we will then contact the emergency number. Please be sure to keep emergency numbers updated in Skyward. When the school determines the child is too ill or injured to remain in class, it is the parent/guardian's responsibility to pick the child up and provide care for them.

BATHROOMS, USE OF

The bathrooms of the school are to be kept clean at all times. Anyone writing on any surfaces or messing up a bathroom area may be suspended.

CAFETERIA

All pupils eating hot or cold lunch are to make sure their place setting at the lunch table is cleaned up after they have finished eating. Food from the cafeteria may not be taken outside the cafeteria area. Soda is not allowed to be consumed with lunch.

Student conduct shall be governed by the rules and provisions of the Student Code of Classroom Conduct. In addition, student conduct on internet-based social media outlets when such conduct forms a sufficient connection to school or staff, is governed by the Code of Conduct. This Code of Classroom Conduct shall include the following items:

1. specification of what constitutes dangerous, disruptive, or unruly behavior that interferes with the ability of the teacher to teach effectively, which therefore permits the teacher to remove the student from class;
2. other student conduct that may be used by a teacher as a basis to remove a student from class; and
3. procedures for notifying the parent of a student's removal and procedures for placement of a student that has been removed from class.

Students engaged in classes conducted in a virtual/online environment are considered, for conduct purposes, to be in attendance at school. Policies, rules, and expectations for student conduct while at school, or under the supervision of school authorities while at a school-sponsored activity, also apply to students when engaged in online learning activities.

Conduct that is not permitted at school is also not permitted during online learning in a virtual classroom setting.

Farmington Elementary School Student Handbook

whooping cough, mumps, measles, rubella, and others designated by the Wisconsin Department of Public Health.

In order to protect the health and safety of the students, District personnel, and the community at large, the Board shall follow all State statutes and Health Department regulations which pertain to immunization and other means for controlling casual-contact communicable disease spread through normal interaction in the school setting.

Initial Exposure - Suspected Communicable Disease

If a student exhibits symptoms of a communicable disease, the school nurse, office staff, or the building principal will isolate the student in the building and contact the parents and may choose to send the student home. The school nurse, office staff member, or principal shall contact the Washington/Ozaukee County Health Department to report the incident. The health department officials shall be responsible for conducting any investigation deemed necessary and directing the District to follow specific protocols, including those established by the Washington/Ozaukee County Health Department shall be followed.

The District Administrator is authorized to develop administrative guidelines for the control of communicable disease which include:

- A. instruction of professional staff members in the detection of these common diseases and measures for their prevention and control;
- B. removal of students from District property to the care of a responsible adult;
- C. preparation of standards for the readmission of students who have recovered from casual-contact communicable diseases;
- D. filing of reports as required by statute and the State Department of Health Services.

Protocols During a Pandemic/Epidemic

The procedure described above pertains to an initial and/or isolated identification of the possible presence of a communicable disease in a school. In the event of an ongoing pandemic or endemic outbreak of a communicable disease, the Administration and Board shall develop protocols to manage school during a pandemic or epidemic.

Protocols shall be developed with consideration for the following resources:

- A. Statewide declaration of emergency and related orders;
- B. guidance provided by medical and/or public health officials, such as the Centers for Disease Control and Prevention (CDC); Wisconsin Department of Health Services (DHS); Wisconsin Department of Public Instruction (DPI); American Pediatrics Association;
- C. local health department officials and local medical professionals;
- D. parent and/or student groups; and
- E. other resources developed for and specific to the circumstances facing the District.

COMMUNICABLE DISEASES, DIRECT CONTACT Policy 8453

The Board of Education seeks to provide a safe educational environment for students and staff. To this end, students and staff should understand the method of transmission and prevention of diseases that are contracted through direct contact with body fluids and excretions, especially blood, vomit, feces, or urine. The Board is also committed to assuring, to the extent permitted by State communicable disease reporting requirements, the confidential status of individuals who may have been diagnosed with a contact communicable disease.

COMMUNICATION DEVICES, PERSONAL Policy 5136

Students may use personal communication devices (PCDs) before and after school, in between classes as long as they do not create a distraction, disruption or otherwise interfere with the educational environment, during after school activities (e.g., extracurricular activities), and at high school related functions. Use of PCDs, except those approved by a teacher or administrator, at any other time is prohibited and they must be stored out of sight.

For purposes of this policy, "personal communication device" includes computers, tablets (e.g., iPads and similar devices), electronic readers ("e-readers"; e.g., Kindles and similar devices), cell phones (e.g., mobile/cellular telephones, smartphones (e.g., BlackBerry, iPhone, Android devices, Windows Mobile devices, etc.)), and/or other web-enabled devices of any type. Students may not use PCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school. Students may use PCDs while riding to and from school on a school bus or other Board-provided vehicles or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher, or sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated.

Also, during after school activities, PCDs shall be powered completely off (not just placed into vibrate or silent mode) and stored out of sight when directed by the administrator or sponsor.

Possession of a PCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Farmington Elementary School Student Handbook

To protect the privacy of the District's students, parents, other adult residents of the community, and any public that may utilize the locker room facilities, no person may use a cell phone to capture, record, or to transfer a representation of a nude or partially nude person in the locker room.

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The building principal will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline may be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student and/or student's parent/guardian after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned-over to law enforcement. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian or turned-over to law enforcement. School officials will not search or otherwise tamper with PCDs in District custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5771 – Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a PCD to school for a designated length of time or on a permanent basis.

A person who discovers a student using a PCD in violation of this policy is required to report the violation to the building principal.

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.

COMPUTER TECHNOLOGY NETWORK, AND INTERNET ACCEPTABLE USE AND SAFETY Policy 7540

The Board of Education is committed to the effective use of technology to both enhance the quality of student learning and the efficiency of District operations. However, the use of the District's network and technology resources by students is a privilege not a right.

The District Administrator shall develop and implement a written District Technology Plan(DTP). The DTP will provide for both the acquisition of technology, and guidance to staff and students concerning making safe, appropriate and ethical use of the District's technology resources, as well as inform both staff and students about disciplinary actions that will be taken if Board technology and/or networks are abused in any way or used in an illegal or unethical manner.

This policy, along with the Student and Staff Technology Acceptable Use and Safety policies, and the Student Code of Conduct, further govern students' and staff members' use of their personal communication devices (see Policy 5136 and Policy 7530.02). Users have no right or expectation of privacy when using District technology resources (including, but not limited to, privacy in the content of their personal files, e-mails and records of their online activity when using the District's computer network and/or Internet connection).

Further, safeguards shall be established so that the Board's investment in both hardware and software achieves the benefits of technology and inhibits negative side effects. Accordingly, students shall be educated about appropriate online behavior including, but not limited to, using social media to interact with others online; interacting with other individuals in chat rooms or on blogs; and, recognizing what constitutes cyberbullying, understanding cyberbullying is a violation of District policy, and learning appropriate responses if they are victims of cyberbullying. Social media does not include sending or receiving email through the use of District-issued email accounts.

The District Administrator shall annually review the DTP to determine the effectiveness of the plan in meeting its objectives. A yearly report on the DTP and any changes, amendments, or revisions to it shall be presented by the District Administrator for action by the Board each year.

CONFIDENTIALITY Policy 8350

State and federal law requires that student education records be maintained as confidential. See Policy 8330. State law further exempts certain information and records from public disclosure. See Policy 8310. As such, the Board of Education is obligated to take appropriate steps to maintain certain information and records as confidential. Individuals who have access to student education records may not remove them from Board property without express permission from their building principal or supervisor. An individual authorized to remove student education records from school property is responsible for the safety and security of the records and for returning them to the district intact. Confidential information and records may not be disclosed except as authorized by Board policy and administrative guidelines. Individuals who have access to confidential information and records while employed by the Board are reminded that their legal obligation to maintain such confidences extends beyond their term of employment in the District and they are prohibited from releasing, disclosing or otherwise disseminating confidential information or records subsequent to leaving the Board's employ. The Board directs the District Administrator to prepare guidelines concerning Board employees' duties

Farmington Elementary School Student Handbook

to maintain certain information and records as confidential.

It is further the policy of the Board of Education that when the District receives in trust from a public agency information identified to be confidential or exempt from disclosure under the Public Records Law, Common Law, Privilege Case Law, or Federal Law, the District will maintain the confidentiality of said information to prohibit its unauthorized disclosure.

The following portions of this policy apply only to identified confidential information received from a public agency.

In order to prohibit the unauthorized disclosure of information identified as confidential by the sending public agency, the Board may seek to obtain court protection by:

- A. denying requests for release of such information absent subpoena or court order;
- B. pursuing motions to quash or protective orders to prohibit unauthorized disclosure.

When possible, the Board will attempt to notify the sending public agency of the request for release of such information prior to complying with the request.

CONTROVERSIAL ISSUES IN THE CLASSROOM & REQUEST PROGRAM MODIFICATIONS Policy 2240 & 2270

The Board of Education believes that the consideration of controversial issues has a legitimate place in the instructional program of the District.

Properly introduced and conducted, the consideration of such issues can help students learn to identify important issues, explore fully and fairly all sides of an issue, weigh carefully the values and factors involved, and develop techniques for formulating and evaluating positions.

If either the class content or activities conflict with his/her religious beliefs or value system, the school will honor a written request for his/her child to be excused from particular classes. The student will be provided with alternate learning activities during the times of such parent requested absence.

COUNSELING AND ACADEMIC AND CAREER PLANNING Policy 2411

The Board of Education requires that a planned program of guidance and counseling be an integral part of the educational program of the District. Such a program shall be available to all students without regard to race, color, national origin, ancestry, creed, pregnancy, marital status, parental status, sexual orientation, sex (including transgender status, change of sex or gender identity), physical or mental, emotional, or learning disability ("Protected Classes") and should be developmentally appropriate and:

- A. enable counselors to effectively communicate with students who have limited English proficiency and/or are sensoryimpaired;
- B. assist students in achieving their optimum growth;
- C. enable students to draw the greatest benefit from the offerings of the instructional program of the schools;
- D. help integrate all the student's experience so that s/he can better relate school activity to life outside the school;
- E. help students learn to make their own decisions and solve problems independently.

DIRECTORY INFORMATION Policy 8330

Each year the District Administrator shall provide public notice to students and their parents of the District's intent to make available, upon request, certain information known as "directory information." The Board designates as student "directory information": a student's name; address; telephone number; date and place of birth; photograph; major field of study; participation in officially-recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; or awards received.

Directory information shall not be provided to any organization for profit-making purposes.

Parents and eligible students may refuse to allow the Board to disclose any or all of such "directory information" upon written notification to the Board within fourteen (14) days after receipt of the District Administrator's annual public notice.

DISTRICT PROPERTY, CARE OF Policy 5513

Basic to the philosophy of the Board of Education is a respect for the rights of others. Students are urged to exercise this respect in regard to the belongings of others, including District property. Each student should realize that vandalism to District property is costly to repair and is directly related to increased school taxes.

Attempts should be made to teach students respect for property which can be done in connection with the care of textbooks and the use of District materials and equipment.

Farmington Elementary School Student Handbook

In accordance with law, students who cause damage to District property shall be subject to disciplinary measures including suspension and expulsion. Also their parents shall be financially liable for such damage to the extent of the law except that students over eighteen (18) years of age or older shall be liable for damage they cause.

The Board authorizes the imposition of fines for the loss, damage, or destruction of District owned, borrowed or leased equipment, school records, apparatus, musical instruments, library materials, textbooks, and for damage to District buildings.

The District Administrator may report to the appropriate authorities any student whose damage of District property has been serious or chronic in nature.

DRESS AND GROOMING Policy 5511

The Board of Education recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference. The Board will not interfere with the right of students and their parents to make decisions regarding their appearance, except when their choices interfere with the educational program of the schools.

Accordingly, the District Administrator shall establish such grooming guidelines as are necessary to promote discipline, maintain order, secure the safety of students, and provide a healthy environment conducive to academic purposes. Such guidelines shall prohibit student dress or grooming practices which:

- A. present a hazard to the health or safety of the student himself/herself or to others in the school;
- B. interfere with school work, create disorder, or disrupt the educational program;
- C. cause excessive wear or damage to school property;
- D. prevent the student from achieving his/her own educational objectives because of blocked vision or restricted movement.

Such guidelines shall establish the dress requirements for members of the athletic teams, bands, and other school groups when representing the District at a public event.

The District Administrator shall develop administrative guidelines to implement this policy which:

- A. designate the principal as the arbiter of student dress and grooming in his/her building;
- B. provide an appeal procedure to review decisions of the building principal in situations involving expressive conduct which the student believes is legally protected;
- C. instruct staff members to demonstrate, by example and precept, personal neatness, cleanliness, propriety, modesty, and good sense in attire and appearance;
- D. ensures that all administrative guidelines impose only minimum and necessary restrictions on the exercise of the student's taste and individuality.

Students who violate the foregoing rules will not be admitted to class and may be suspended from school. If the clothing cannot be removed, the student may be sent home after contact is made with the student's parent/guardian.

DRUG & ALCOHOL Policy 5530

The Board prohibits the use, possession, concealment, or distribution of any drug and any drug-paraphernalia at any time on District property or at any District-related event.

ELECTRONIC EQUIPMENT Policy 5136.01

While in some instances the possession and use of electronic equipment or devices by a student at school may be appropriate, often the possession and use of such equipment or devices by students at school can have the effect of distracting, disrupting and/or intimidating others in the school environment and leading to opportunities for academic dishonesty and other disruptions of the educational process. Consequently, the Board of Education will supply any electronic equipment or devices necessary for participation in the educational program. Students shall not use any electronic equipment or devices on school property or at any school-sponsored activity without the permission of the principal or the classroom teacher.

EMERGENCY PROCEDURES

Fire Drills

Drills are held monthly during the school year. In order to evacuate the building safely, students must follow teachers' instructions and directions posted in each room.

1. Walk at all times, and keep walking until you are at least two hundred feet away from the building.
2. Maintain silence when leaving or returning to the building so that teachers' verbal instructions may be heard and understood.

Tornado Drills

The building is not to be evacuated in the event of a tornado or other severe weather threat, unless staff and students are so directed. Any severe weather warning will be related to you via the public address system. Remain calm and quiet in order to hear

Farmington Elementary School Student Handbook

directions. The teacher will direct students to move to a designated area in the building that will provide the greatest safety.

Hold/Lock Down Drills

In the event of a safety concern, teachers will be instructed to go to a hold or lock down. Students are to follow teacher instructions.

FEDERAL EDUCATION RIGHTS AND PRIVACY ACT (FERPA)

Parents and eligible students who believe their rights under Federal law (Federal Educational Rights and Privacy Act and Protection of Pupil Rights Amendment) have been violated may file a complaint under FERPA by completing the [FERPA Complaint Form](#) electronically.

Once you have completed the form, you may either email it to SPPO at FERPA.Complaints@ed.gov, or mail it to the following address: U.S. Department of Education, Student Privacy Policy Office, 400 Maryland Ave, SW, Washington, DC 20202-8520.

FEES AND FINES Policy 6152 and 6152.01

All fines are expected to be paid by the last day of school. Any unpaid fees or fines may be turned over to a collection agency. A \$25 NSF (non-sufficient funds) fee will be charged to any person whose check does not clear our bank. No student shall be denied any educational opportunity because of his/her inability to pay any fee or charge imposed. See also Policy 6152.01 - Waiver of School Fees or Fines.

FIELD AND OTHER DISTRICT-SPONSORED TRIPS Policy 2340

The Board of Education recognizes that field trips, when used for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the schools. Properly planned and executed field trips should:

- A. supplement and enrich classroom procedures by providing learning experiences in an environment outside the schools;
- B. arouse new interests among students;
- C. help students relate school experiences to the reality of the world outside of school;
- D. bring the resources of the community - natural, artistic, industrial, commercial, governmental, educational - within the student's learning experience;
- E. afford students the opportunity to study real things and real processes in their actual environment.

For purposes of this policy, a field trip shall be defined as any planned journey by one or more students away from District premises, which is under the supervision of a professional staff member and an integral part of a course of study.

Other District-sponsored trips shall be defined as any planned, student-travel activity which is approved as part of the District's total educational program.

The Board shall approve those field trips and other District-sponsored trips which are planned to keep students out of the District overnight and out of the State.

The District Administrator shall approve all other such trips.

HALL MANNERS

The halls in this school are used by all pupils every day of the school year. At times many pupils may be in the halls at one time. To keep this movement as smooth as possible, there is to be no running or pushing at any time. When in the halls, pupils should be as quiet as possible. The halls are to be used only when necessary and aimless walking or constant inside/outside movement during recess or noon hours will not be permitted.

HAZING, STUDENT Policy 5516

The Board believes that hazing activities of any type are inconsistent with the educational process and may in some circumstances be a violation of State law. It prohibits all such activities at any time in school facilities, on school property, and at any District-sponsored activity or event.

LOST AND FOUND

Each school has a lost and found. Students are requested to turn in any item found and are encouraged to check the lost and found for any lost articles. At the end of the year items that are left are donated.

LUNCH

Students may purchase lunches daily or for an extended time period. Purchased lunches do NOT have to be used on consecutive days. Students will be able to make their lunch choices in the morning.

Farmington Elementary School Student Handbook

Students use a computerized lunch system. There are many advantages to this computerized program. It offers a more efficient accounting system for your children, you and the district.

Each student will be issued a 4-digit pin number (I.D. number) and assigned a lunch account that the computer will keep track of. The system will be set up using family accounts, not individual accounts. It is a prepaid system with a variety of payment methods (weekly, monthly, semester, etc.) If you have more than one child, you make one FAMILY deposit.

Parents should send a check to: Child Nutrition Program, Kewaskum High School, 1510 Bilgo Lane, Kewaskum, WI 53040, or it may be brought to any of the school offices. Please make your checks payable to: Child Nutrition Program.

The School District also offers the e-Funds for Schools EFS payment program that allows parents several payment options for the debit lunch system. Not only will you have the ability to have lunch payments automatically withdrawn electronically from your checking account or charged to your credit card, you also have the flexibility to make a payment at any time through the school's website. More information regarding e-Funds for Schools EFS, can be found on the School District website.

When going through the lunch line, each student will submit his or her PIN number to the cashier and the amount of purchase is subtracted from the appropriate account balance.

This system is similar to a checking account. It is necessary to put money into the account in order to buy lunch. If your account balance falls below a determined amount, we will let you know. Any remaining funds in the family accounts at the end of the school year will be carried over to your account for the next school year. Or, the remaining funds will be returned to you at your request.

MEDICATION/EMERGENCY CARE. ADMINISTRATION OF Policy 5330

The Board of Education shall not be responsible for the diagnosis and treatment of student illness. The administration of medication to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication were not administered during school hours, or the child is disabled and requires medication to benefit from his/her educational program.

For purposes of this policy, "practitioner" shall include any physician, dentist, podiatrist, optometrist, physician assistant, and advanced practice nurse prescriber who is licensed in any state. "Medication" shall include all drugs including those prescribed by a practitioner and any nonprescription drug products. "Administer" means the direct application of a nonprescription drug product or prescription drug, whether by injection, ingestion, or other means, to the human body. "Nonprescription drug product" means any non narcotic drug product which may be sold without a prescription order and which is prepackaged for use by consumers and labeled in accordance with the requirements of State and Federal law.

Before any prescribed medication may be administered to any student during school hours, the Board shall require the written instructions from the child's practitioner accompanied by the written authorization of the parent.

Nonprescription drug products may be administered to any student during school hours only with the prior written consent of the parent. Substances, which are not FDA approved (i.e. natural products, food supplements), will require the written instruction of a practitioner and the written consent of the parent. Only those nonprescription drugs that are provided by the parent or guardian in the original manufacturer's package which lists the ingredients and dosage in a legible format may be administered.

Students are prohibited from possessing, using, carrying, or distributing in school or on school grounds drugs or other products which, even though not defined as a drug, are used or marketed for use for medicinal purposes, such as to relieve pain or to relieve the symptoms of an underlying medical condition (including dietary supplements, CBD oil products, etc.). This provision of policy is to be viewed together with the Board policy on Drug Prevention, Policy 5530.

The document authorizing the administration of both prescribed medication and nonprescription drug products shall be kept on file in the administrative offices.

Only medication in its original container; labeled with the date, if a prescription; the student's name; and the exact dosage will be administered. Parents, or students authorized in writing by their practitioner and parents, may administer medication.

No student is allowed to provide or sell any type of medication to another student. Violations of this rule will be considered violations of Policy 5530 - Drug Prevention and of the Student Code of Conduct.

Medications will be administered and the instruction and consent forms will be maintained in accordance with the District

Farmington Elementary School Student Handbook

Administrator's guidelines.

Any bus driver, staff member or volunteer, authorized in writing by the District Administrator or a principal, is immune from liability for his/her acts or omissions in administering medication including, but not limited to glucagon, an opioid antagonist, and epinephrine, unless the act or omission constitutes a high degree of negligence and, in the case of any staff member or volunteer who administers an opioid antagonist, the staff member or volunteer contacts emergency medical services as soon as practicable after administering the drug to report the suspected overdose. Such immunity does not apply to health-care professionals.

All prescription medication shall be kept in a locked storage case in the school office, unless the medication is an emergency medication which the student is authorized to carry and self-administer by authorization of both the parent and practitioner, and the possession of such medication by the student in school is not prohibited by law or regulation.

The Board shall permit the administration by staff of any medication requiring a delivery method other than oral ingestion when both the medication and the procedure are prescribed by a practitioner and the delivery is under the supervision of a licensed nurse, provided that the staff member has completed any necessary training and that staff member voluntarily agrees to deliver the medication. No staff member, other than a healthcare professional, shall be required to administer medications that are administered by means other than oral ingestion.

Any staff member or volunteer who, in good faith, renders emergency care to a student is immune from civil liability for his/her acts or omissions in rendering such emergency care.

Any administrator or principal who authorizes an employee or volunteer to administer a nonprescription drug product or prescription drug to a student is immune from civil liability for the act of authorization unless it constitutes a high degree of negligence or the administrator or principal authorizes a person who has not received the required Department of Public Instruction training to administer the nonprescription drug product or prescription drug to a student. School nurses, as District employees, are regulated by the Wisconsin Nurse Practice Act and are therefore not necessarily immune from civil liability.

A registered nurse providing services or consultation on the District's Emergency Nursing Services Plan has provided assistance in the development of this policy and will also provide a periodic review of the written instructions and consent forms and the Medications Administration Daily Log(s).

Epinephrine Auto-Injectors

The Board intends to adopt and maintain a plan for managing students with life-threatening allergies so as to permit each school to obtain a school prescription for epinephrine auto-injectors and to permit each school nurse and designated school personnel to administer them. Accordingly, the Board directs the school nursing staff in consultation with the District Administrator to develop a plan that meets the following:

- A. specifies those designated school personnel that have agreed to receive training and that will be trained and authorized to perform the functions of the plan;
- B. identifies the specific training program that will be implemented to prepare each school nurse and designated school personnel to identify the signs of anaphylaxis and to provide or administer epinephrine auto-injectors accordingly;
- C. delineates the permissible scope of usage to include providing District-owned epinephrine auto-injectors to students who have a prescription on file with the school in the event the student is experiencing an anaphylactic event and/or administering epinephrine auto-injectors to such students, and/or administering epinephrine auto-injector treatment to any student, regardless of whether the student has a prescription on file or the staff member so trained is not aware of whether the student has a prescription on file, but believes in good faith the student is suffering from anaphylaxis, provided that the staff member immediately contacts emergency medical services;
- D. identifies the number and type of epinephrine auto-injectors each school will keep on site and identifies a member of the nursing staff or other school official who will be responsible for maintaining the epinephrine auto-injectors supply;
- E. is approved by a physician licensed in the State of Wisconsin;
- F. notes that the school and any school nurse or designated school personnel that provide or administer epinephrine auto-injectors under this plan are immune from civil liability for any harm that may result, regardless of whether there is a parental or medical provider authorization, unless the administration was a result of gross negligence or willful or wanton misconduct;
- G. is published on the [District's website](#) or the website of each school.

Use of Essential Oils

All students and staff wishing to use essential oils in the school must seek prior approval from administrators.

MILK

A carton of milk may be purchased for consumption at lunchtime that will be deducted from the family account. White and chocolate

Farmington Elementary School Student Handbook

are available. Milk is purchased in the lunch area each day. If a child does not choose to drink milk, a beverage may be brought to school, however, no soda is permitted.

Students in grades 4-Year Old Kindergarten (4K) through five (5) wishing to participate in a daily milk break may do so. The cost per semester is \$30.00 or \$60.00 for the year.

SEPARATE CHECKS MUST BE MADE OUT FOR LUNCH, MILK, AND OTHER SCHOOL PURCHASES.

- Lunch and lunch milk checks should be made payable to: Child Nutrition
- Milk break and other checks should be made payable to : Kewaskum School District
- In the check memo area, please identify the purpose for the individual checks; such as lunch money, milk break money, field trip money, etc.

PHONE CALLS

Students will not be called from class for phone calls except in extreme emergencies. Students will only be allowed to use the office phone with building staff permission. Students are not allowed to use classroom phones for personal use.

PUPIL RESPECT

Pupils who have and show respect are well liked and admired by others. Respect is to be shown by all pupils to other pupils and members of the school staff. This includes teachers, office help, paraprofessionals, cooks and custodians. Parents/guardians can be of great assistance by teaching respect at home, which will then carry over into school.

RECESS

An important part of the students' school experience is that of socialization. One key component to this occurs through recess. Recess times allow the children opportunities to develop/refine their communication skills, manners/respect for others, and motor skills, while taking a break from their academic learning.

If children are healthy enough to be at school, they are expected to participate in recess activities. Such arrangements will be made on an individual basis with the goal of having all students participate in recess activities.

Students will remain outside except in inclement weather defined as rain, heavy snow, temperatures below +10 degrees or a wind chill below 0 degrees F.

RECORDS, STUDENTS Policy 8330

In order to provide appropriate educational services and programming, the Board of Education must collect, retain, and use information about individual students. Simultaneously, the Board recognizes the need to safeguard students' privacy and restrict access to students' personally identifiable information.

Except for data identified by policy as "directory data," student "personally identifiable information" includes, but is not limited to: the student's name; the name of the student's parent or other family members; the address of the student or student's family; a personal identifier, such as the student's social security number, student number, or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who the District reasonably believes knows the identity of the student to whom the education record relates.

RELIGIOUS/PATRIOTIC CEREMONIES AND OBSERVANCES Policy 8800

District staff members shall not use prayer, religious readings, or religious symbols as a devotional exercise or in an act of worship or celebration.

The Board acknowledges that it is prohibited from adopting any policy or rule respecting or promoting an establishment of religion or prohibiting any student from the free, individual, and voluntary exercise or expression of the student's religious beliefs. However, such exercise or expression may be limited to lunch periods or other non-instructional time periods when students are free to associate.

Every school in the District shall offer the Pledge of Allegiance or the National Anthem each school day in grades 1 through 12. The District Administrator shall develop administrative guidelines which ensure that any staff member who conducts this activity does it at an appropriate time, in an appropriate manner, and with due regard to the need to protect the rights and the privacy of a nonparticipating student.

Farmington Elementary School Student Handbook

SEARCH AND SEIZURE Policy 5771

The Board of Education has charged school authorities with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search school property such as lockers and desks used by students or the person or property, including vehicles, of a student, in accordance with policy.

SKATEBOARDS & ROLLER BLADES

For safety and liability reasons, skateboards and roller blades will not be allowed on school property at any time. Repeated violations will result in local police intervention and possible citations. (WI State Statute 90-223(2)).

SNACKS IN SCHOOL

In accordance with the health policy, snacks should be as healthy as possible. Fruit, granola bars, etc. are strongly encouraged. Candy, soda and sugar based snacks are not permitted.

SNOWBALLS

Throwing snowballs can be very dangerous. Because of this possible danger, there is to be absolutely no throwing of snowballs at any time on the school grounds unless supervised by an adult. The snowball throwing should then only take place in a designated place and at designated targets if applicable. This also includes the throwing of chunks of snow, ice, stones, dirt or wood chips.

TOBACCO AND NICOTINE PRODUCTS Policies 5512 and 7434

The Board recognizes that the use of tobacco products, as well as other nicotine delivery systems, such as electronic smoking devices, are a health, safety, and environmental hazard for students, staff, visitors, and school facilities.

It shall be a violation of policy for any student or visitor of the District to use, consume, display, promote, or sell any tobacco products, tobacco industry brand, tobacco-related devices, imitation tobacco products, or electronic smoking or vaping devices, regardless of content at any time on school property or at off-campus, school-sponsored events.

VIDEO SURVEILLANCE AND ELECTRONIC MONITORING Policy 7440.01

The Board of Education authorizes the use of video surveillance and electronic monitoring equipment at various school sites, which may include either video or audio footage, or both, throughout the District and on school buses.

VIDEO TAPING & PHOTOGRAPHING

Students may be videotaped or photographed during the year to be used for school district related purposes. If you have any concerns regarding this matter, please refer to the "Directory Information" section of this handbook.

VISITORS Policy 9150

The Board of Education welcomes and encourages visits to school by parents, other adult residents of the community and interested educators. But in order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, it is necessary to establish visitor guidelines.

The District Administrator has the authority to prohibit the entry of any person to a school of this District or to require a visitor to leave when there is reason to believe the presence of such person would be or is detrimental to the good order of the school. If such an individual refuses to leave the school grounds or creates a disturbance, the administrator is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Immediately upon entering the building, visitors are required to register at the office and pick up a visitor tag.

WEAPONS Policy 5772

The Board of Education prohibits students from possessing, storing, making, or using a weapon in any setting that is under the control and supervision of the District for the purpose of school activities approved and authorized by the District including, but not limited to, property leased, owned, or contracted for by the District, a school-sponsored event, or in a District vehicle, to the extent permitted by law without the permission of the District Administrator. Any student who has reason to believe that a person has or will violate this policy shall report to the District Administrator or the supervisor of the activity immediately.

Incendiary Device

Possession of incendiary devices (cigarette lighters, matches, firecrackers, smoke bombs, etc.), or their look-alikes, is also prohibited by students in any school building, office, shop, warehouse or other enclosed structure of the District; on any school grounds, including playing fields and other outdoor areas belonging to the District; at any school-sponsored activity, and in vehicles used to transport students for school-related purposes.

WELLNESS Policy 8510

As required by law, the Board of Education establishes the following wellness policy for the Kewaskum School District as a part of a comprehensive wellness initiative.

The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the District's students. Furthermore, research suggests that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.
